

## SL20 3-4 mile LED Compact Lantern

### Flash light

#### DESCRIPTION

The Sealite SL20 3-4 mile LED compact light is exceptional value and incorporates some of the most advanced technology available. Once installed, operation of the SL20 3-4 mile light requires no operator intervention. The flash characters are factory-set, and the unit is supplied ready for immediate operation. The unit is sealed using an advanced ultrasonic weld, enabling a rugged and completely waterproof seal capable of prolonged and deep immersion. Another benefit of the lantern is the tough polycarbonate lens, specifically designed for use with LEDs, and incorporates an environmentfriendly spike – deterring unwelcome bird life.

#### FEATURES

- Maintenance-free
- Life expectancy over 10 years
- 5 flash characteristics
- Completely waterproof
- Includes bird-spike

#### SPECIFICATIONS

Flash characteristics	IALA (set to FL(5) 20s)	Supply current:	60 mA
Light source	20 ultra-high intensity LEDs	Supply Voltage:	12 VDC
Light colour	Amber	Operating temp:	-30 to +85 °C
Peak intensity	15 cd 3 + mile range	Dimensions:	142 mm x 135 mm (Height x Dia. base)
Vertical divergence	± 15 degrees	Mass	0.3 kg
Lens	Optical polycarbonate LED lens with bird spike	Life expectancy:	Over 10 years
